

TECHNICAL INFORMATION

BEARING PLATE 4" x 4"

Nu-Vue Item Number:

N010859 (Galvanized)

N010857 (Stainless Steel)

DESCRIPTION:

Nu-Vue Bearing Plates are specially designed to be used in the attachment of the Nu-Vue Standing Seam roof panel clips over insulation and cover boards as required by Nu-Vue Specifications.

METHOD OF APPLICATION:

Position Bearing Plates over the insulation or cover board. Attach the standing seam panel clip & plate using the appropriate Nu-Vue fastener. Bearing Plates may be fastened independent of the clip, using the outside corner fastener holes, or along with the clip using the clip fasteners. Install plates with the beveled edge down.

Note: Install assembly according to Nu-Vue Metal Design and Application Guides found on the Firestone website. Follow approved installation details.

STORAGE:

Store in unopened original containers protected from the weather.

PACKAGING:

Per Piecw; Maximum 600 per carton

PRECAUTIONS:

1. Do not overdrive or underdrive fastener. Use a variable speed clutched driver.
2. Bearing Plates are for use with Nu-Vue standing seam roof panel clips only.
3. Can not be used with fasteners larger than #14.
4. Eye protection must be worn during the installation of
