

# TECHNICAL INFORMATION

## Standing Seam Fixed Clip

### Nu-Vue Item Number:

**N010901 (1-5/8" Galvanized)**

**N010902 (1-5/8" Stainless)**

### DESCRIPTION:

Nu-Vue Clips are specially designed to be used in the attachment of the Nu-Vue Industries NV-1.5 Standing Seam Roof Panel. The design of the clip allows the upper tab to be mechanically integrated into the double lock seam.

### METHOD OF APPLICATION:

1. Position the clips flush against the vertical seam.
2. Attach clips to roof deck using the appropriate Nu-Vue fastener.
3. Position adjacent panel flush against installed clip.
4. Secure panel by folding outer vertical female leg 90° under head of male leg at clip location.

*Note: Install assembly according to Nu-Vue Metal Design and Application Guides found on the Firestone website. Follow approved installation details.*

### STORAGE:

Store in unopened original containers protected from the weather.

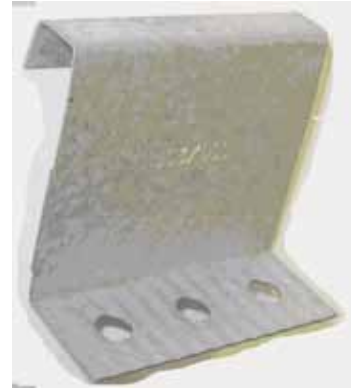

### PACKAGING:

1000 Clips per carton

### PRECAUTIONS:

1. Do not overdrive or underdrive fastener.
2. Clips are designed to anchor NV-1.5 standing seam roof panels only.
3. Can not be used with fasteners larger than #14.
4. Eye protection must be worn during the installation of fasteners.
5. Clip allows for limited movement of the panel.
